

# Medication Form

- Complete this form and bring it with any as-needed medications you are bringing on Opening Day. **You must bring medications in their original pharmacy packaging.** We cannot accept medications that are not in their original packaging.
- Our Health Hut is stocked with over-the-counter medications used to treat common ailments, so please limit the number of as-needed over-the-counter medicines.
- **Asthmatic campers:** If a rescue inhaler is needed, please bring two. One will be kept with your daughter, and one will be kept in the Health Hut. It is not necessary to bring nebulizers to camp as we have these in our Health Hut.
