HONORABLE MENTION SONG (FAST)

(Tentalow 1)

Boom! Boom!  
There'll be nothing but Greystone  
Boom! Boom!  
For the one that I love.  
Boom! Boom!  
There'll be nothing but Greystone  
And its shining stars above.

There's a Greystone "G".  
For every girl like me,  
And many things to do  
For every girl that's true.  
Boom! Boom!  
There'll be nothing but Greystone,  
Boom! Boom!  
For the one that I love.

## THIRD PLACE — SLOW SONG

(Cabin 1)

The spirit of Greystone  
Will live on forever  
While friendships we've made here  
Stay deep in our hearts.

As we sit 'round the campfire  
And sing of fond memories  
While the glow of unselfishness  
Makes spirits linger on.

The spirit of Greystone  
Will live on forever  
While friendships we've made here  
Stay deep in our hearts.

'Tis so good to be here now  
With our friends all so true  
While the green leaves of summer  
Are turning to gold.

## THIRD PLACE — FAST SONG

(Tentalow 4)

Oh, I came to Carolina and I saw Greystone,  
And I knew it's where I wanted to stay.  
No other camp means more to me than the one in Tuxedo.  
Got the highest ideals, got the cutest girls,  
You'll hear about us — all over the world.  
Oh, I came to Carolina and I saw Greystone  
And I knew it's where I wanted to stay.

Boom — boom, my honey, boom — boom, my honey  
Boom — boom, my honey, boom — boom!

(Slow):

Got the highest ideals, got the cutest girls  
You'll hear about us all over the world.

(Fast):

Oh, I came to Carolina and I saw Greystone  
And I knew it's where I wanted to stay. Hey!

(17)

## Farewell

The still waters of the lake are as clear as crystal this morning. I see each grain of sand lying near to the shore — each rock and pebble in the depths. So as the day of parting draws near we seem to see each of you, each one we have learned to love and know so well. How different you are, girls! Like the pebbles lying on the sand — some ragged and sharp — young pebbles perhaps — just learning to rub off the rough edges of your wills and tempers — learning to live successfully with each other in a new situation. Other stones I see have sparkling lights of mica, or quartz — talents in you and personalities that brighten the place you live — and lend sparkle to your camp! Another here is round and smooth and delightful to hold in your hand (a river rock I call it), worn smooth by the rolling waters. Like these, some of you are the peacemakers, the ones whose presence seems to smooth down the arguments and frictions that are natural to our living together.

How wonderful that you are each different — how wonderful that you change — and smooth down your personalities and learn to live together more successfully as the days pass.

Across the lake I see a scarlet branch on a small tree bending near the still water — the first sign of fall — and of farewell! The quick tears sting my eyes as I think of parting. Like the trees you GROW — more than the pebbles of the lake — you have personality and you change as each day passes. In this we rejoice for we have watched you through these weeks. We have seen your faces light up as you discovered the true spirit of Greystone. Take this discovery with you, girls. Live by it. Spread its kindly influence into the homes to which you return — into your schools and groups of friends. You will be different, and changed, and more beautiful. A radiance will light you from within and Greystone will be proud of you.

And so Farewell. We part for a while — but as our song says, "Let there be no sorrow — for we shall meet again on a bright tomorrow." Take with you the spirit of Greystone — hold fast the ideals you have gained — the dreams you have dreamed of being a finer, bigger person. Little by little you will grow closer to your ideal and be the girl we see you CAN be.

And so we say Farewell — a wonderful summer together is swiftly passing. We will follow you through the year with our love and interest, and may we meet again next summer for our bright tomorrow.

With love, your Directors,  
VIRGINIA SEVIER HANNA

## TIED FOR SECOND PLACE — SLOW SONG

(Tentalow 8)

To the girls we'll not forget them  
Through the years that lie ahead  
To Greystone where we met them  
And the wonderful times we had  
The blue skies and the pine trees  
The Greystone Spirit strong  
The Council Fires that made us feel so good  
The happy times we spent with the dear new friends we met  
Oh, we'll miss them when we're gone  
So a toast to the past, a toast to the future  
And let there be no sorrow  
For remember when the sun goes down  
It returns with a bright tomorrow.

## TIED FOR SECOND PLACE — SLOW SONG

(Cabin 6)

Dream when you're far away  
Dream of a Greystone day  
Camp where the girls laugh and are gay  
At work or play  
Love shows us the way  
So dream of the mountains blue  
Dream of the tall pines too  
Camp where the highest ideals are shown  
Is our Greystone.

## SECOND PLACE — FAST SONG

(Cabin 8)

They've heard about Camp Greystone from Florida to Maine;  
Where e'er you go in any state, you'll always hear the same.

Chorus:

I tell you, Greystone girls are friendlier,  
More peppy and more fun;  
Girls come here from everywhere —  
They're always on the run.

(After fourth verse, add "always on the run")

Greystone girls are very good — they never fuss or fight;  
You hardly ever hear a sound after taps has blown at night.

The Greystone G's the goal of all the Odds and Evens, too;  
We strive to be the best we can in everything we do.

Through the Greystone Spirit girls are taught unselfishness;  
From Lower One to Cabin Eight they're better than the best.
