### Winter Wonderland At Greystone

I have just returned from one of the most beautiful trips I have ever made to Greystone. One so strange that you who love it as I do, with the summer sun gleaming across the lake, or the full moon tipping the tall pines with silver, could hardly have believed your eyes.

The white blanket of snow lay across the lawn — across the tennis courts and riding ring, and winter held the shimmering lake silent except where the crystal waters of Zircon creek plunged into the ice-bound lake.

I held my breath as I drove up to the snow locked gates! Greystone lay like a charmed fairyland of white, with the green pines all glistening and the rhododendron dark against the snow. The cabins and tentlows nestled low in the late winter sunlight.

Debbie and Honey (our cockers) bounced joyously across the untouched, snow covered lawns and sniffed happily on the deep drifts near the quiet stables. What fun it would have been to have ridden the horses through the powdery snow!

Were we just dreaming, last summer, when the theme of our Banquet was "The Night Before Christmas"? Virginia Hall and the counselors had transformed our dining room into a Christmas wonderland that made the camper's eyes wide with delight. How I wish all of you Greystone girls could have seen the real wonderland at Greystone today!

### "Buddy" Letters

If you are coming to Greystone for the first time this summer, there is sure

## Greystone's Great In '58

Almost every letter from a Greystone camper, says this: "I know that Greystone will be even better than ever, this summer . . . and that is *going some*." It's true! Every year is more fun, more thrilling and better than the year before. And so we look forward to '58 with the keenest enthusiasm and excitement.

The enrollment shows that girls will be arriving from about 25 states. Imagine! What a thrill to enter the welcoming gates of Greystone and see spread before you the wide green lawns — the sparkling waters of Lake Summit — the pine groves and soft brown camp buildings

with a backdrop of blue, blue mountains! This is Greystone, known and loved by countless campers for 39 years! Such memories come trooping back into the heart of the "old camper" — such joyful anticipation into the heart of the "new camper".

Founded by Dr. and Mrs. Jos. R. Sevier (parents of Mrs. Hanna, one of the present directors) and beloved directors till their deaths in 1944, Greystone is welcoming many second and even third generation campers this summer.

### GREYSTONE ABROAD

Amy Bunting is doing her junior year at Smith in French drama and is living in Paris. You Greystone girls should have a "Reunion in Paris".

Lyle Lockett is also studying this year in Paris.

Julie Henderson received a tremendous honor in a Rotary International Graduate Scholarship. She is studying in France. Julie took every honor at Converse being President of the Student body, May Queen, and in Who's Who among students of American Colleges.

Saynor Johnson is in Hawaii with her Mother and Dad having finished Sweet Briar last June.

Nancy Whisnant is working as a correspondent for a military newspaper. She covers bases all over Europe and loves it.

of the Kentuckian Queen in Feb. at the University of Kentucky.

Speaking of Mardi Gras, Beauty Queens, etc. our Greystone girls are constantly in the news winning honors and recognition in every direction! Julie Henderson was May Queen and Beverly Bowie and Joanne Finn were in the court at Converse College May Day '57 A. P. carried a charming picture of Gloria Merry in a Chicago snowstorm with caption "Southland Belles get cold shoulder: snowfall appeals to a couple of gals from Alabama. The costumed girls holding boxes of azaleas are promoting the flower festival in Mobile."

We are proud to read of Pocahontas Wight Edmunds' five published books and that she is a speaker much in demand

who at five years has "broken into print"! Joel played the part of Little Jake in the Greenville Little Theater's production of "Annie Get Your Gun" last fall. The play ran for two weeks, and we hear that Jake was great!

Debutantes of Christmas '57 in Augusta include four lovely Greystone girls—Patsy Weeks, Linda Marks, Barbara Bowen, and Grace Etheridge.

Kay Covington, Jo Carr, and Clara Lou Lancaster made their debut last June at the Debutante's Ball in Spartanburg, and Libby Hanna was presented at the Assembly Ball, Christmas '56.

Carolyn Landis Loftis sent us some gorgeous newspaper pictures of Connie Carriere in her royal robes as Queen of the Mithras Ball, Mardi Gras '57. she

## Something New Has Been Added

Many hundreds of Greystone Alumnae have been contacted this spring due to the big help we have from our new Alumnae Secretary! It has been 11 years since Jean Hooper (Mrs. James Crook) left us to "limp along" by ourselves! Imagine the frustration of a mother hen with four thousand or more chicks to keep up with and no one to help count them! That's the way we have felt about you alumnae.

Judy Hobbs — Mrs. Gabe Hill, III (you will remember her as a camper in '49-'50 and efficient Rifle Counselor in '54-'55) moved to Spartanburg last summer and has been helping Virginia Sevier Hanna "track-down" missing alumnae!

Wherever they are and whoever they are, the alumnae all agree on one thing — camping at Greystone was a wonderful experience and each one also is anxious to keep in touch with camp and to find out about old friends. So you who know the address of anyone in the "missing" list, please write us.

So many of you girls have responded with enthusiasm — telling of your life since camping days. We are thrilled with the news we have collected in this issue and hope to get out another issue this summer at camp, so help us find more "Lost Campers" — the reunions are wonderful!

## Jots from Personalities of '57

Cary Page wrote us "My Blue Ribbon Jersey Calf won me a week's trip to Chicago—It's wonderful!"

Anne Martin is president of the student body of her school and head cheer leader.

Mary Mac Mitchell writes, "Christmas was just wonderful. I think the best Christmas present I got was the Greystone catalogue. It brought back so many memories. All of my friends think the camp is just beautiful. Of course I gave them a guided tour through each page."

Gail Price reports on an exciting Greystone houseparty. Edith Buice, Louise Little, Craig Harris and Sonja Howell were in La Grange right after Christmas and they report a "Devine" time!

Martha Neil Johnson and her mother joined Dottie Patrick and Mary Drake in Daytona Beach for Thanksgiving. Mary played the dinner music one evening in the Whitehall Hotel. The weather was like summer and "days at Greystone—past and future" was the topic of conversation.

Miss Jean Agnew and Virginia Hall had a gay trip to New York right after Christmas and saw all the exciting shows in town—as well as having a Greystone Reunion and seeing all the N. Y. Greystone girls.

Ann Arnspiger and Cindy Wright were at the Reunion in Lexington this fall and both were asking about UNCLE ROY—so we quote from one of his wonderful letters written after camp. "After two weeks rest, I feel as good now as I did twenty years ago, and am now turning out in my shop some new patterns for my juniors next year if you will put up for another season with a "camper" whose age has out-run the touch of time.

I wish I could have been with you when you met all those fine Lexington Campers, especially Cindy and Ann, for those two little girls and their parents have meant so much to me; the parents especially at the depot in Lexington when they hand over to me their little girls, (or when they used to,) for now I am afraid they are too heavy for me to catch

### MEMORIES

Now that summertime is nearing  
And school is almost through,  
Memories of dear Greystone  
Start coming back to you.  
The memories of joyous times  
We had throughout the day  
Working and playing together,  
In that happy Greystone way.  
Memories of our cherished friends  
So kind, so loving, and true,  
Who made last year at Greystone  
The best and most wonderful, too.  
And last, the memory of a council fire  
Blazing there in the night,  
To remind us of our goal to gain  
Greystone's spirit, bright.

highway just now and then. During our stay there we climbed to the top of Mt. Pisgah, which incidently is the only way you can get there, slid down sliding rock, went to the bottom of looking glass falls, did a lot of hiking through the mountains, saw a doe and two little

## Counselors

Some of the finest new counselors we get from year to year are our own Greystone campers who have loved Greystone from their first year as "little girls". These counselors who have grown up with us, bring to the staff the true Greystone Ideals and are an inspiration to the campers who look forward to their own future as counselors.

Those on the staff of '57 who were campers: Jody Armbricht, Sally Bond, Alice Carter, Libby Hanna, Kathryn Harrison, Betty Hays, Carolyn Herman, Lorraine Mattox, Caro McDonald, Anna Byran Perry, Liz Proctor, Alice Roberts, Ann Sims, Virginia Spieth, Patsy Weeks.

Look out for the Greystone girls on the counselor staff this summer. They will surely make things hum!

## PLEASE

Please let us know if you have changed an address! Uncle Sam won't forward our mail to you anymore—and we do want to keep up with you and all our Greystone daughters.

If you will turn over the blank and send us names of little girls you would like to see go to Greystone, we will be happy to send them a beautiful new Greystone catalogue.

I am sure you know that Greystone does not advertise—and each new camper must be recommended by a friend of Greystone. Won't you share your wonderful memories of camp with some new camper?

fawns, and drove along the beautiful new parkway off of wagon road gap. We got several good slide pictures of some of the mountain streams and waterfalls, which I would like for you to see. Several Pisgah camping trips are being planned for the pioneers this summer."

## Memories

What are memories? What causes certain cherished thoughts to linger even after the passing of time? All lovely memories are held dear, but as years pass they fade away leaving only the ones that are loved the most. Such are these . . . our memories of Greystone.

When we have long since left our dear camp, nestled in the pine covered mountains, our thoughts are continually returning to Greystone even then.

There are five channels through which all memories begin their flow.

By sight . . . the pink pearl of the hydrangea blossoms, the startling yellows and greens of Challenge Day, the majestic gold of the Council Fire torch, the glory of our own red, white, and blue floating above us on its silvery outpost, the impressive candlelight service under the stars, the rustic cabins with their glow of welcome, the shimmering ripples as a diver of perfection disappears beneath the water's surface, the drenched rain coats and caps draping the dining room porch, the smile of happiness on the face of every Greystone girl.

By hearing . . . the cries of gladness and surprise as campers are tapped at our council fire, the whirr of the energetic lawn mower skimming over the pageant court, the contented buzz throughout, the dining hall during meals, the tolling bell heard even far away on the mountain trails, the whizz of the ball as it just skims the net, the friendly greeting to our dinner guests, the booming newscast from next door just after reveille, the thud of fleet arrows finding their mark, the cheerful noises of our faithful swimming bus, the muffled roar of the sleek speeding motorboats on glistening Lake Summit, the enthusiastic response to the yells of the spirited cheerleaders, the bittersweet notes of taps to end another lovely day, sighs of wonderment upon entering our final banquet hall, the sobs of close friends parting until they meet another year at

Greystone.

By smell . . . the aroma of Plato's southern fried chicken drifting from the dining hall, the fresh scent of mountain flowers, the odor of new tennis balls right from the can, the breath of ivory mist floating across the lake as you awake, the whiff of oncoming sparkling showers, the air itself with the never-to-be-forgotten fragrance of the eternal pines.

By taste . . . the mouth-watering flavor of a hand-picked, tree-ripened apple, the hurried taste of someone else's toothpaste one minute before taps, the smoothness of milk and saltiness of crackers after evening program, the delicious french fries cooked over the fire at Grey Lodge, the sumptuous cake enjoyed by all at the Birthday banquet.

By touch . . . the feel of a powerful thoroughbred under the saddle, the sure hand of counselors as you sit watching the council fire's flames, the shiny fur of the friendly cocker spaniels, that much-wanted letter in your hand at last, the warmth and strength given you by the beaming sun overhead, the steam of a hot shower upon your shoulders, the tears that suddenly fill your eyes as the cherished G's find their places.

What beautiful memories we have of Greystone, yet there are two thoughts we can never forget which come in no certain category. Our dear friends, old and new, and our renewed closeness to our Creator . . . memories such as these change our lives.

## Sparklets' From '56

During the 1956 season, many campers contributed articles, sketches, etc. for Sparks—we are quoting a few. This summer we hope to publish a whole copy at camp and invite your help in making it the best ever! Send us all your news!

## The Monstrous Mice

They say the fear of Women is mice. And believe us—Cabin 8—it sho' am. It all started one Sunday morning—before reveille, of course. Nancy Laufter awakened early and was writing letters—to her Dale, to be sure—when she saw a piece of paper on A. B.'s trunk start doing the hoo-che-coo-che. Well, Laufter gave out one of her vicious screams and bounded on the upper bunk with A. B. in one leap. A. B., being startled out of her wits—to put it mildly—joined in at the top of her lungs and added to the uproar. By this time the—shall we say—poor mouse—had climbed on the shelf by the window and was running hysterically about. Then he jumped to the floor and ran behind a trunk. Now we forgot to mention that by some strange coincidence all of cabin six, seven, and eight were wide awake and Blackbird was frantically telling us to be calm. That was until she and A. B. found out what it was and added their loud screams to the laughing and screaming yells of the others. By this time the mouse had become "mice" in their story and all of the cabin, including Edna, who had stopped her snoring, to join in the screaming, was in an uproar.

If you should ask the mouse of Cabin 8, "What is your greatest fear?" Most assuredly he would reply—"Women!"

—Cabin 8.

If you're looking for a camp where  
You can have a lot of fun  
Go ahead and choose Greystone  
And you've chosen the right one.

It's got everything from cats and dogs  
To horses loved by all  
The fun and happiness is shared  
By girls both big and small.

So don't forget this summer  
When you arrive with all your friends  
That when the season's over  
I know you'll want to come again.

## ALUMNAE NOTES

Gene Goode Bailey writes, "After 7 years of specialization since graduation from medical college, my doctor husband has opened his office in Augusta to practice general surgery. This is a most happy event for us."

Barbara Spangler Barnett's husband is a senior at W & L and they expect to be in the Marines stationed at Quantico for the next three years after graduation.

"Margie" Burwell Barnhardt has the daintiest young lady daughter who is almost two years old.

We are always so thrilled when the mothers of our Greystone girls write us! Mrs. Street, mother of Ruth, Mary and Jane; Mrs. Mangum, mother of Marilyn and Gloria; Mrs. Brown, mother of Bobby Gail and Joan; Mrs. Bunting, mother of Amy and Blair; and Mrs. Griffiths, mother of Margaret and Carolyn all helped us "find" their attractive daughters.

Since Spartanburg is Nancy and Rosie Blakely's home town, we see them occasionally—and are looking forward to having their attractive daughters as Greystone Granddaughters. Nancy Blakely Boatwright writes; "The Boatwrights are enchanted with the beautiful little village of Pinehurst. We're both avid golfers (Must admit there's little comparison between our games) and take full advantage of the numerous courses, right in our back yard. I'm still enjoying Greystone, even after 15 or more years—perhaps even a little more than I did then, or at least in a different way."

Sara Miller Boyd announces the arrival of Mary Elizabeth—born Feb. 10, 1958. We are sure the little boys Bobby 4 and David 2½ are thrilled over their "almost" valentine!

Sally Callaway Brabant says her husband is surely looking forward to seeing Greystone for himself—as he has heard so much about it, from her—and from the other La Grange campers! Bring him to see us Sally! We love getting to know THE MAN in every Greystone girl's life!

Selene Elliston Caldwell's husband is in his last year at Princeton Seminary and they hope to be coming south this summer. She writes, "I shall never forget Greystone and what it meant to me, especially the singing for some reason. I've even taught my little ones some of the songs."

Inez Vriese Wilson writes, "I had Bul-

Wouldn't it be fun to raise horses? Blair Bunting Darnell is in Albuquerque and besides teaching 9th grade social studies, helps her trainer husband raise and train quarter horses.

Nancy Dennis is working at Harvard Medical Center since her graduation. Nancy's mother another Greystone girl, Elizabeth Triplett Dennis, says they miss her terribly but that she is having a grand year.

Caryl Lord McLearn says, "We've had many pipe-dreams about Greystone—whenever I see pictures of Asheville's French Broad River or of Biltmore Estates in Grace Kelley's 'Swan'. How many times did I make that delightful trip, to Biltmore, or down the French Broad? We've had quite a year. Bill got his M.D. in June, and Cindy came to us! Bill is now with the U.S. Navy Hospital here at Portsmouth."

Miss Jean saw Lucie O'Brien Milner in Raleigh at the Greystone Reunion last fall and reports that she has charming children (four of them) and is just as attractive herself as when she was a camper.

Young marrieds have an exciting time these days—living all over the country with "side trips" to foreign lands! Helen Lester McGehee married a doctor and her last 6 years sound fabulous! Philadelphia, New Jersey, Southern California, and while John was in Korea Helen says, "The nicest part of the tour was my 3 week trip to Japan, Christmas, '55. We hope to go back some day. It was a marvelous experience and John knowing his way around and what to see made it perfect." Helen's last copy of Sparks took two years catching up with her.

Georgianna Hetsch McWade moved to Florida in Oct., '57 and says she loves it, "in spite of the continued unseasonable cold!"

The airport in Atlanta is a wonderful place to meet Greystone friends! Last time the Hannas were there, they had a grand visit with Bobby Gail Brown Rothschild—who was on her way home—Ginger Saunders was visiting her and Bobby reports that Ginger is a cute and popular Air Line Hostess now. We also saw Mrs. Atkins (Katherine's Mother) and caught up with a lot of Charlotte news.

Helen Smith Sanford has been one of the enthusiastic alumnae who has sent us

Yankee's letter reads, "It's wonderful to think that from Illinois to N. C., after all these years, I am once again camping on Lake Summit, only this time in a camp of my own. For "Windy Wood" is a dream that started many years ago under the gentle eyes of Dr. Sevier. And it is especially nice to be neighbors with Greystone and the wonderful memories of my many camping years there. The joy of camping I found at Greystone is the reality of today, the challenge of the future, and the love of my heart."

We hear that Yvonne Fulton is publishing a magazine in Jacksonville, Florida.

Elizabeth Alexander is librarian at the University of Florida library.

Rita Hunter Wade writes that her "two little girls—age 2 and 3—get a big kick out of pulling out a 1943 Greystone catalogue from the shelf and finding 'Mommie on a horse' and 'mommie in a boat!'"

Fitzallen Yow has had a hard year with a back operation last summer which kept her in the hospital for months and in bed for many more. We saw her in Augusta in October, on that joyous occasion when she was beginning to walk again. She has been very brave and uncomplaining and looks grand now. She says that she will come to see us next summer at camp.

Grace Sager Rippin writes, that with a daughter at Wellesley and a son at Princeton she went back to school to study interior decorating, and loves it!

A letter received from Isabel McCain Brown reflects her charm and vivacious nature! It gave news of her life in Lothaire, Ky. as the wife of a minister and mother of five lively children. The disastrous flood of last January, she says, "brought danger, disaster, and drudgery, but a 'flood' of new friends—and the miracle of two new, much needed, church buildings."

Nancy Harper James has just returned to South Carolina (104 Pine Forest Dr., Greenville, S. C.) from California. We can hardly wait to see her and hear of her exciting life, as wife of an Army Chaplain in many parts of the world. Nancy's daughter, Nan, will be a camper this summer for the first time.

## Greystone Girls Write Us

"I have such wonderfully happy memories of and thoughts about Greystone. I loved it, and wish I were young enough to be a camper again."

"It's so much fun to hear all the news of camper and counselor friends."

"I will always be very proud to be considered a Greystone Girl, for my happiest camping days were spent with you. I want my daughter to be a Greystone Girl too, for she's a real outdoor girl and would love it."

"No matter where I go I always meet someone whom I knew at Greystone. It really helps to find an 'old' friend in a new town—and you have so much in common."

"Greystone will always have a special place in my heart, as do her owners."

"I have never forgotten my last summer at Greystone. I had so many wonderful, unforgettable experiences all in eight short weeks and yet I still often think of them and I am thankful for every one. There were so many challenges for us at Greystone. I can see now how little things we learned there help us in bigger things now. I think Greystone was the first place that I had any concept of faith, and it was in such a funny little way. I was so scared of horseback riding, that I had to have faith to make myself go through with it. That little start has helped me so often in this past year—probably the problems it helped me with will seem funny and trivial to me later as that first one does now, but it seems to me that things are getting more real as I go along. I just want to thank you for three wonderful summers. There are things about each of them that I'll never, never forget. I learned to do so many things that I love to do now—and that I always look for an opportunity to do. I'll never forget the friends at Greystone, too. It was good to make new friends like that."

## Sympathy

All Greystone girls and Counselors will be distressed to hear that news has just been received of the death of Dr. An-

## Greystone Granddaughters

Have you heard of the exclusive "Greystone Granddaughters' Club"? Some of you who read this may belong — as it is a right of birth you know. If your mother went to Greystone, then you will belong automatically to the club — and what fun we are planning for those lucky ones who will be with us this summer. Perhaps a steak fry or a special trip to Corbin or a fudge party at Grey Lodge — who knows!

Those granddaughters who have been campers in the past two summers "since the last issue of Sparks" are:

## Greystone Abroad (Continued)

Japan. Margaret and the Hannas had a reunion in Hawaii as their steamers docked within a day of each other! Greystone girls sent part of their Sunday offering with Margaret, to help publish a lovely book by one of the students in Kinjo College.

In Mexico, Margaret (Mex) Shelby has a new address and we know would be happy to see any Greystone tourists. Balisario Dominguez No. 118, Coyoacan 21 DF, Mexico.

In Japan, Cornelia Dick also has a new address. She helped to fill Margaret Archibald's place while Margaret was on furlough last summer. Now she is back at her studies! Japanese is a most difficult language. Corny's Father and Mother visited her last summer. Her address is: 112 Yamamoto Duri, 4 Chome, Ikuta Ku, Kobe, Japan.

Nettie Junkin (on furlough from Formosa) visited camp last summer and Agnes Junkin Peery brought her charming family along too!

Alice Alexander Conner is conducting a European tour for Winston's age group this summer. Several Greystone girls will have the privilege of being on this tour. Many Alumnae write that they plan to spend this summer abroad—Happy traveling, gals!

Louise Kent Kane won a Fulbright scholarship and studied at the Sorbonne last year and at Geneva Switzerland.

Kay Kay Hannah was met in Switzerland on the ski slopes by Virginia Sevier Hanna's next door neighbors from Spartanburg! The world is undoubtedly shrinking!

One of the most exciting "finds" recently was the address of Mr. Henry Woodman who was head of Nature and Pioneering in '31 and '32. He has gone on with camping and runs a canoe camp in the Canadian northwoods — called CAYUGA which sounds fascinating. His winter address is: Friend's School, 5016 Greenleaf Rd., Baltimore 10, Md.

Just EVERYBODY from Greystone meets EVERYBODY from Greystone as they tour through Europe. We would love to hear of your experiences girls! Write us.
