

Camp GREYSTONE

Greystone Granddaughters 1962

Do you know these girls? We call them our Greystone Granddaughters because their mothers came to Greystone—and they are second generation Greystone girls with all the fine spirit and loyalty their mothers showed. We are listing their mothers' maiden names and original home address, as you who have been Greystone girls, may remember some of them. Greystone is truly a "family camp" for we discovered that this year two-thirds of the campers had an older sister—aunt—cousin or other relative who had camped at Greystone.

General Information

Dates and Rates. See application blank (pink sheet) attached to inside of back cover.

Parents may visit camp at any time they are passing (except the first two weeks of camp, when no visitors are wanted). They are requested not to come often enough to interfere with their daughter's camp program. Girls will not be permitted to spend the night out of camp. Permission for day visiting is granted only by the Head Counselor. All parents are cordially invited to have a meal at camp. There are no facilities for keeping or feeding visitors at camp. Hotels in Hendersonville, only eight miles distant, are easily reached over a paved highway.

Campers may go out of camp with their own parents; with others only upon specific written permission from home.

No visitors are wanted at camp on the day of the closing banquet. No guests can be invited to the banquet.

It is especially requested that no chewing gum, cake or candy be sent to girls at camp. For the health of the campers, the management reserves the right to request that any such be served to the whole camp. **PARENTS PLEASE NOTE THIS.** Fruit may be sent at any time.

The Shoppe supplies small necessities—and wholesome sweets in limited amounts—**Candy and Cake must not be sent to the campers.**

Smoking positively will not be permitted among campers.

Other Data. Only girls who can furnish testimonials of good character and good health may come to Camp Greystone. The number is limited to 265. Application should be made early. The deposit will be returned if registration has to be cancelled, provided notice is given two weeks before camp opens.

There is little need for spending money at Camp Greystone. A dollar or two a week should be sufficient for stamps, kodak films, and incidentals.

The camp will keep spending money for the girls in the camp bank and will cash checks without charging exchange. It is suggested that parents deposit a check for incidental expenses covering the eight weeks. The camp cannot ADVANCE spending money to girls.
