

# TIPS & TRICKS FOR A TRACK & SCAT HIKE AT HOME

- First, what animals have you seen before near your house? Think about where they usually are or what they do.
- Search for animal homes. Where do animals live?
  - Trees, under rocks, in bushes...
- What do animals eat?
  - Nuts, berries, flowers, plants...
- Close your eyes and listen for sounds of animals around you.
  - Do you hear birds? Do you hear chattering of squirrels? Look up into the trees and down onto the ground below.
