

MASK STATUS: CUMULONIMBUS

Fully vaccinated

Non/partially vaccinated

	Fully vaccinated	Non/partially vaccinated
Kitchen		
Indoors/vehicles with non-fully vaccinated staff (including living unit cohorts)		
Outdoors with non-fully vaccinated staff and no physical distancing		
Outdoors with non-fully vaccinated staff and physical distancing		
Indoors/vehicles with all fully vaccinated staff		not applicable

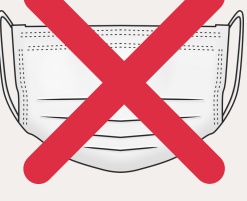

Under Cumulonimbus status, the only time anyone may take their mask off indoors is if everyone in the space is fully vaccinated (or when eating or sleeping).

MASK STATUS: CIRRUS

Fully vaccinated

Non/partially vaccinated

	Fully vaccinated	Non/partially vaccinated
Kitchen		
Indoors/vehicles with non-fully vaccinated staff (not living unit cohort) and no physical distancing		
Outdoors with non-fully vaccinated staff (not living unit cohort) and no physical distancing		
Outdoors with non-fully vaccinated staff (not living unit cohort) and physical distancing		
Outdoors or indoors regardless of physical distancing with living unit cohort		

Under Cirrus status, both fully vaccinated and non-fully vaccinated staff may take masks off indoors as long as they are with just their living unit cohort.
