

Become a Camp Counselor

CAMP VOYAGEUR

Wilderness Adventure Camp for Boys Age 10-18

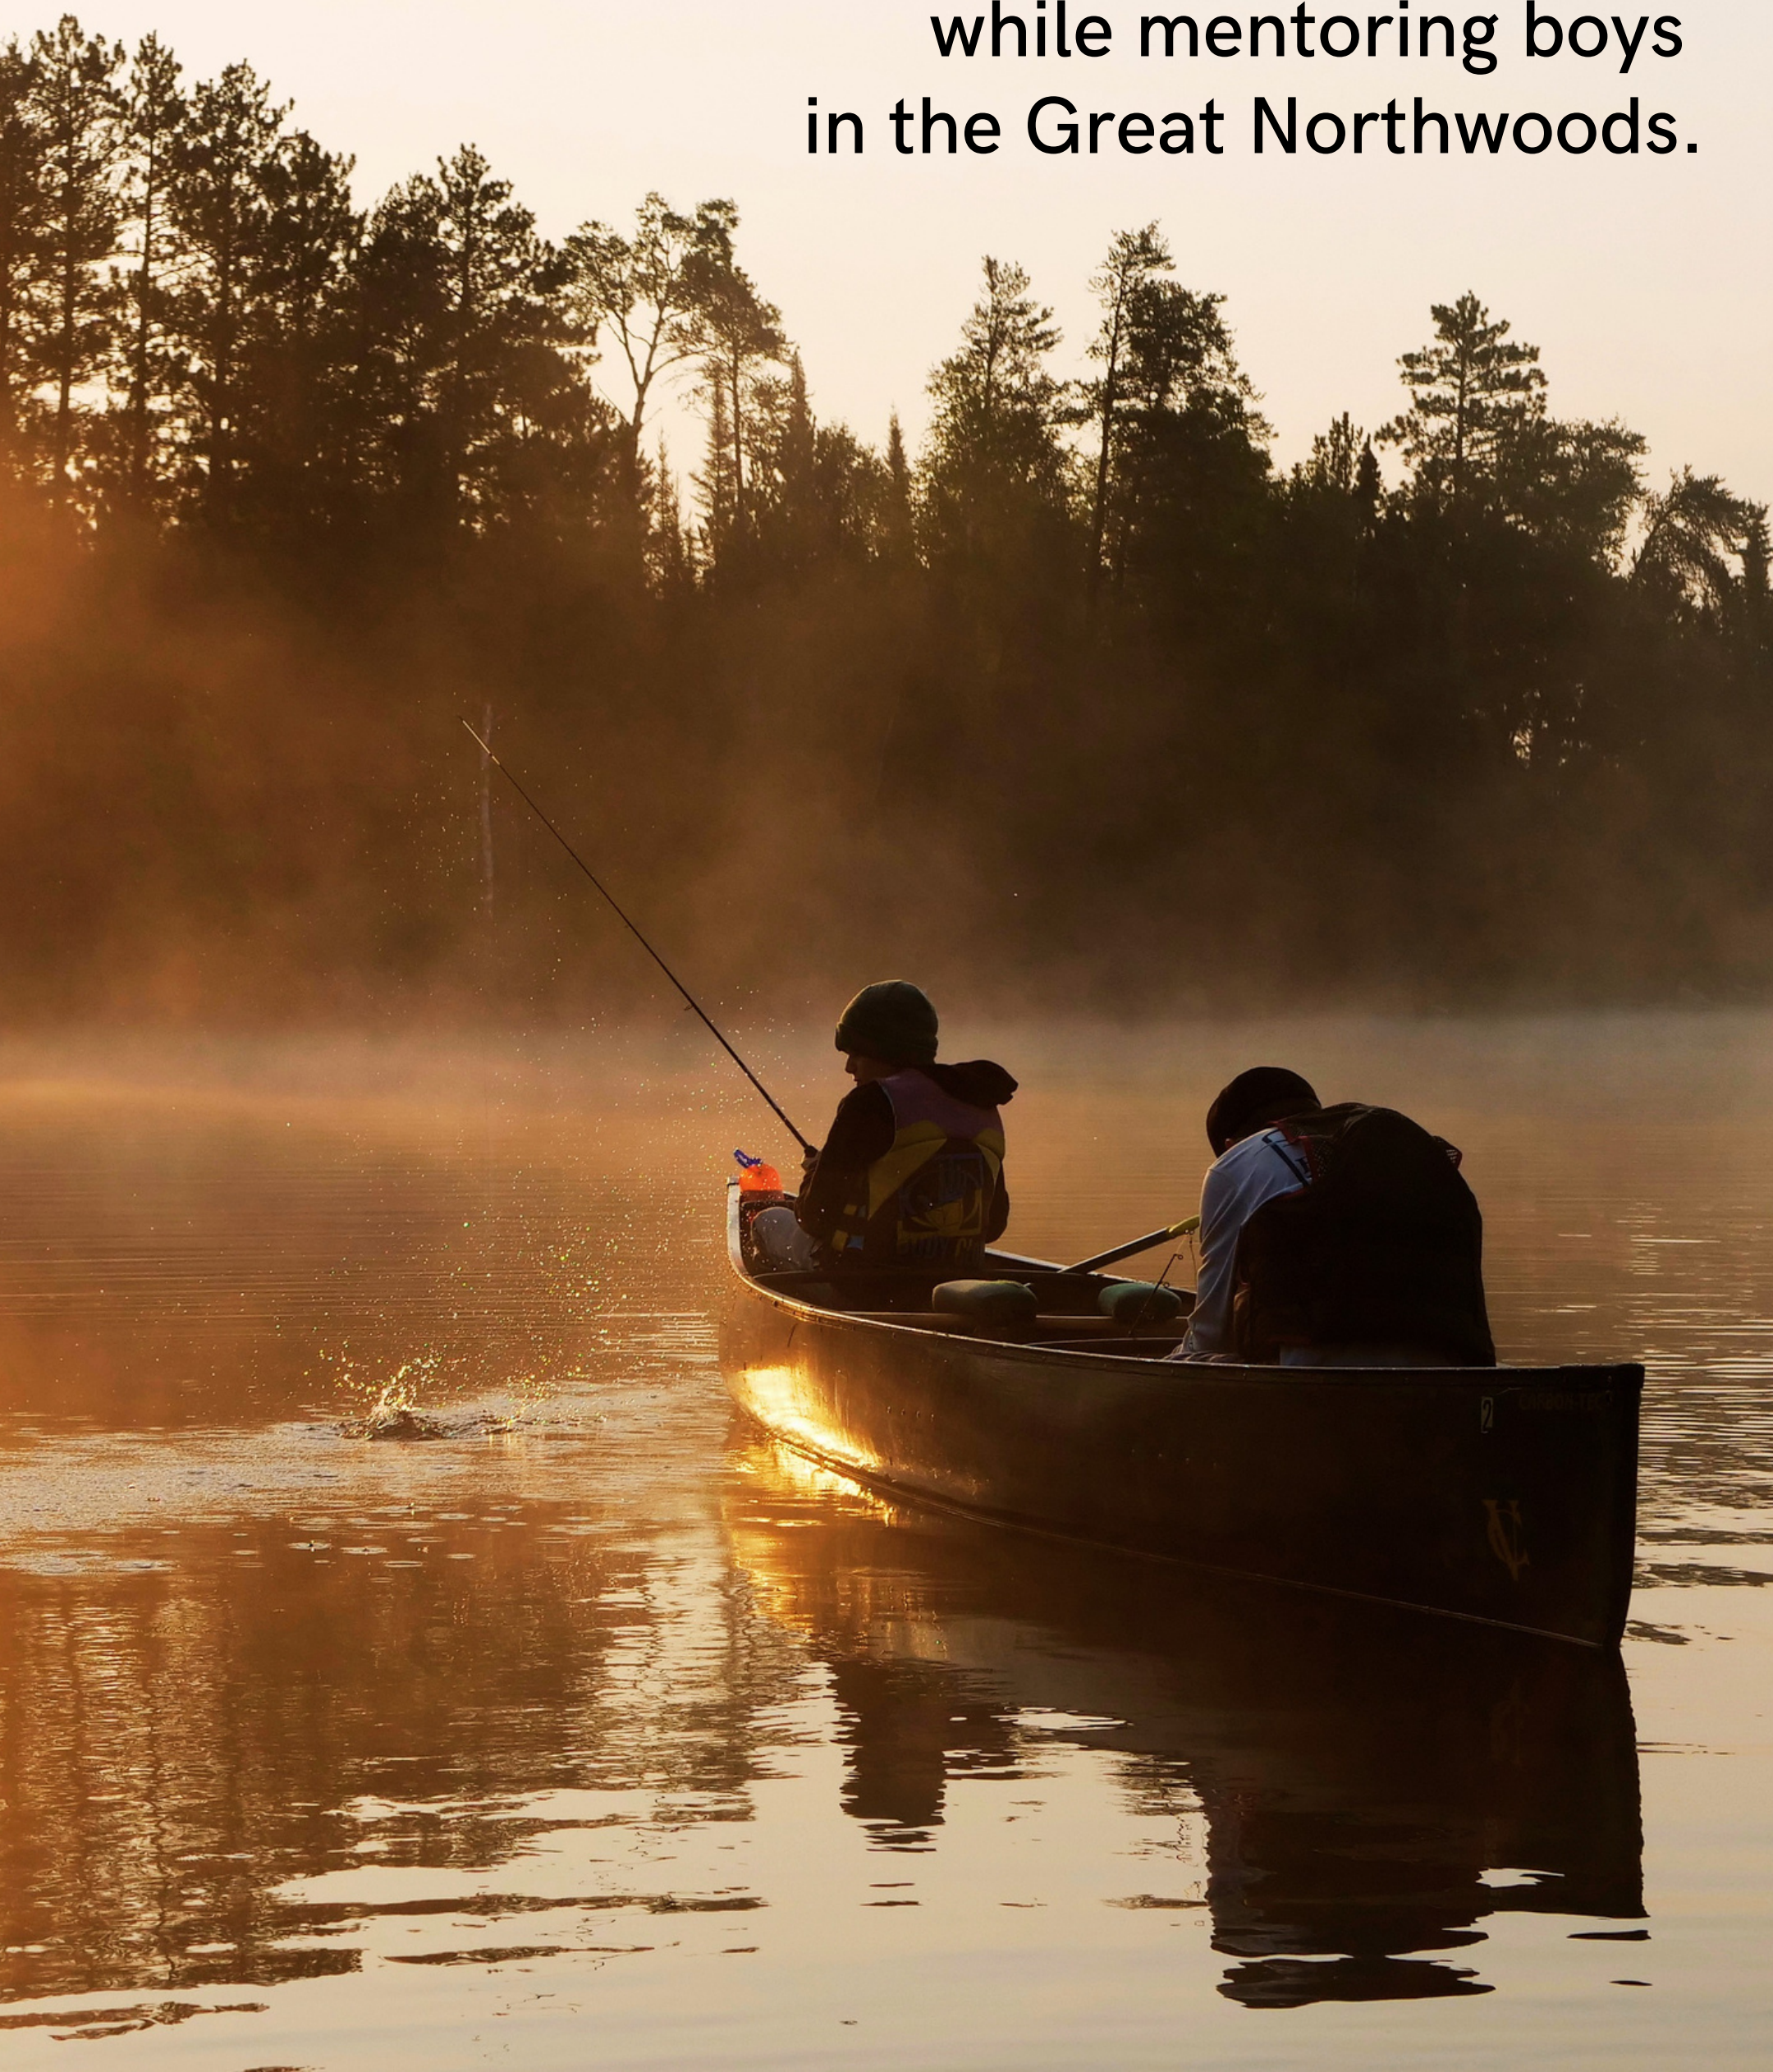

Teach a Kid to Fish

02

DO YOU WANT A MEANINGFUL JOB THIS SUMMER?

While your friends grind away in the city,
imagine a fulfilling summer
of personal growth and adventure
while mentoring boys
in the Great Northwoods.

03 WHO ARE WE?

Established in 1951 in stark contrast to larger, corporate day camps that feature water slides and bubble blowing, we are a rustic, family-owned camp with a traditional four-week program designed to cause boys to confront their self-concept and motivate them to explore and exceed what they thought were their limits. Confidence and independence come from this experience and it prepares them for life.

04 OUR PROGRAM

We offer boys a robust base camp routine of land and water sports, coupled with wilderness trips in the adjacent, two-million-acre Boundary Waters Canoe Area Wilderness. Kids grow strong in camp playing sports and making friends. In the surrounding lake country, they master wilderness skills. Eventually, teenagers can qualify for Advanced Trips and Expeditions which explore the Quetico Provincial Park, Isle Royale, Apostle Islands, and beyond.

THE JOB

Counselors are the worker bees who live, work, eat, and play with campers all summer long. Typically two male college-age counselors share a cabin with 5-7 boys, supervise in-camp sports, assist evening programs, and guide wilderness trips. Counselors will spend about 40% of their time on wilderness trips and 60% of their time at Voyageur base camp.

06

WORKING AT CAMP IS A REAL JOB

Working as a summer camp counselor is one of the most rewarding experiences you can have.

Skills you can develop:

Leadership
Managing group dynamics
Problem solving
Interpersonal communication
Goal setting
Critical thinking

YOU CAN RECEIVE:

College credit or internship
Letters of recommendation
Paycheck
Room and board
Discounts on outdoor gear

07

LIFE SKILLS

As a camp counselor you will develop skills that will help in both your personal and professional future.

Leadership

You will likely be supervising between 4-7 kids, engaging in decision-making, behavior management, and living ethics — all necessary leadership skills for today.

Problem Solving

We work hard to keep things scheduled and organized but even the best plans can be turned upside down unexpectedly. Camp staff are able to think on their feet and come up with a new plan.

Collaboration

We work closely with one another to ensure the best experience for every camper. On trips, you learn to work together towards a common goal.

Creativity

From planning talent show skits to passing the time indoors on a rainy day, counselors must learn to think on their feet.

Resilience

You'll learn to manage a camper who is homesick or afraid of thunderstorms. You'll be physically and mentally tough on wilderness trips.

HOW WILL WORKING AT A SUMMER CAMP 08 ADVANCE YOUR CAREER?

*"Year after year,
I keep coming
back to Camp
because it
challenges me to
be a better leader. I've learned so
much here about working with kids
and people in general. It's also my
second home and feels like family."*

**- Aaron Torres,
Current Counselor**

09

FUN PERKS

of Living at Camp Voyageur

Lake Life

You live on a lake! That means swimming, tubing, skiing, sailing, hot saunas, and fishing!

Wilderness Adventures

You'll spend 40% of your time canoeing, hiking, and kayaking through truly incredible places!

10
