

CRC Cabin Rentals 2020

OVERVIEW

Are you already missing that Northwoods experience? How about that unmistakable loon cry as it peacefully drifts along the shores of 8258 County O? Need to experience at least one pine fragranced campfire before the summer of 2020 slips by? If you're looking for a rustic Northwoods experience, then we may have you covered!

In the midst of COVID-19, we were sadly left with no choice but to cancel our standard camp operation. We will be back strong in 2021, but in the meantime we are pleased to be able to offer our camp community with a "taste" of Chippewa this summer. Beginning on June 23rd we will be renting out our cabins to those looking for that signature Northwoods experience. We hope you'll consider joining us! Read on to learn more about what we have to offer!

Starting Tuesday June 23rd, we will be offering cabin rentals for a period of 5 nights at a time (see the schedule below). Families will arrive on Tuesday afternoon and depart Sunday morning. We will then take 48 hours to clean and sanitize our facilities before the next group arrives.

COVID-19 BEST PRACTICES AND OTHER NOTES

As you enjoy our space and campgrounds this summer, we ask that you follow these best practices:

- We will be limiting the number of guests (parents and kids) at camp per week. The rentals will be approved on a first come, first served basis.
- We are **not** creating a bubble at camp. Unlike our procedures would have been for a normal camp program, we are not requiring our staff or our participants to remain on site during their stay. You may come and go as you please, however, we ask that you follow physical distancing protocols and COVID-19 best practices when you are off camp grounds. Please bring hand sanitizer with you and use it (or wash your hands) upon arriving back to camp. You are permitted to interact with other families at camp in accordance with each family's comfort level.
- Screen yourself and your family daily for symptoms of COVID-19. If someone in your family is sick, please keep them isolated from the rest of the group. Please refer to the [CDC website](#) for more information on symptoms of COVID-19.
- Please practice physical distancing when in close spaces or indoors and we encourage you to wear a mask when physical distancing is not possible.
- You will receive a suggested packing list at least one week prior to your stay.
- We will have hand sanitizer and hand washing stations around camp. Please use these as much as possible and follow the [CDC guidelines on best practices for hand washing and hand sanitizing](#).
- We will provide each cabin with hand sanitizer and disinfectant wipes for use at camp. For all shared equipment that you will use throughout your stay, we encourage you wipe it down before and after each use.
- Camp recommends that you only go in and out of your own cabin during your stay.
- More information will be made available leading up to your stay at camp and upon arrival.
